**IMPORTANT INFORMATION REGARDING
INSURANCE BILLING**

Our doctor is here to provide you with the best medical care. His primary concern is your health and well being, not your insurance company. Therefore, it is the patient's responsibility to be aware of what their policy covers.

It is very important for you to read your insurance policy very carefully. As we participate with numerous insurance companies, and each company has many different plans, we cannot possibly be aware of each patient's particular coverage. You will receive a bill if the service is one that is not covered under your policy. It is very important that you are familiar with the benefits and policies of your insurance.

I have read the above and understand that I am responsible for knowing the coverage and benefits of my insurance policy, as well as choosing a lab that my insurance company participates with.
